

REPRESENTATIVE MEETING At Germany: Prepping for INTERPACK 2023 with our German Partners

Vedic Pac Systems was recently invited to Germany by their European Principals, **Winkler und Dünnebier Süßwarenmaschinen GmbH** and **Theegarten-Pactec GmbH & Co. KG**, for attending representative meetings, prior to the **Interpack 2023 exhibition**, a world renowned trade show for the food processing and packaging industry.

WDS is one of the world's leading manufacturers of confectionery machines. As a specialist in moulding systems, they are able to cover the entire spectrum of moulded confectionery with different areas of application and performance such as *Chocolate, Gum and Jellies, Hard Candy, Fondant and Toffee and OTC*. **Visit WDS at Hall 1, Booth B 66.**

Theegarten-Pactec's machines open up an impressive spectrum of packaging types with maximum format flexibility for small-sized products such as *Bars, candies, chocolate, toffees, hard-boiled sweets, chewing gum, jellies or other food and non-food articles*. **Visit Theegarten-Pactec at Hall 1, Booth B 51.**

Vedic Pac Systems is constantly investing in the growth and development of its employees. Vedic Pac Systems is not just about work, it's also about creating meaningful experiences for the employees. We believe that international visits are an excellent way to upskill employees while also providing them with unique and rewarding experiences.

Chocotech GmbH – Interpack Press preview 2023

Chocotech GmbH is a Market Leader in the design and manufacture of innovative candy kitchens. Founded back in January 1920 the company has a long tradition of process technology and celebrates its 100+3 years this year.

At this year's **Interpack** Chocotech will display a range of equipment based on energy efficient innovative process technology solutions. The focus will also be on CIP, Process Monitoring System (PMS), Energy Recording System (ERS) and One Button Operator System (OBO). The various assist systems will be integrated into various pieces of equipment around the booth.

Information and display of **"SweetConnect"** a limited company founded by **THEEGARTEN-PACTEC, SOLLICH and WDS** which allows both confectionery manufactures and ALL machine suppliers a digital platform to upload and monitor equipment performance in real time. It also allows access to operator manuals, spare parts catalogues and cross manufacture maintenance management.

On Display

The **JELLYMASTER®** and **JELLYMIX** combination, a unique system for the manufacturing of jellies and gummies both for standard and OTC executions. The **TORNADO®** aeration unit for jellies and marshmallows will be shown as an additional available option.

The dynamic thin film cooker, type **SUCROFILM®**, combined with the hygienically designed, type **CARAFLEX®** which is one of the most successful continuous systems for caramel on the Market. Also, on display will be the continuous horizontal cooler type **SUCROTHERM.**

A Bar Line kitchen for caramel and nougat to compliment a complete Bar Forming Line System from our parent company SOLLICH KG.

The **CHEWMASTER®** a unique crystallization system for aerated or non-aerated chewy candies with or without dairy additions.

The **Micron®** continuous system for perfect crystallization of all type of fondants.

The lentil chocolate forming line type **CHOCOFORM®** PSL will be running with real tempered chocolate, forming a slab of lentil type products before entering a SOLLICH Reworktemper.

The unique **FROZENSHELL®** will also be shown on the booth.

A final highlight will be a walk down memory lane in our "Heritage" area, where SOLLICH and CHOCOTECH will show samples of their unique 100+3 year history, in form of machines, images etc.

We look forward to welcoming you to Interpack 2023.
