

## Sustainable Solutions in the Plastic Industry: AZO at VDMA Circular Economy Conference

**AZO GmbH & Co. KG** participated in the *VDMA India Circular Economy Conference 2023*, a one day event that brought together representatives from leading brands and machine builders.

An idea gaining traction worldwide, amid environmental challenges, is the growing significance of the circular economy, particularly in the Plastic Industry.

Mr. Aaron Steinle from AZO GmbH & Co. KG shared insights on enhancing end product quality through innovative material handling.

# Bochang Successfully Completes FAT, paving the way for Vegetarian Capsule R&D Facility in Ahmedabad

**Bochang**, Korea recently concluded a Factory Acceptance Test (FAT) for a Multinational company from Ahmedabad, India, specializing in raw materials for vegetarian soft capsules.

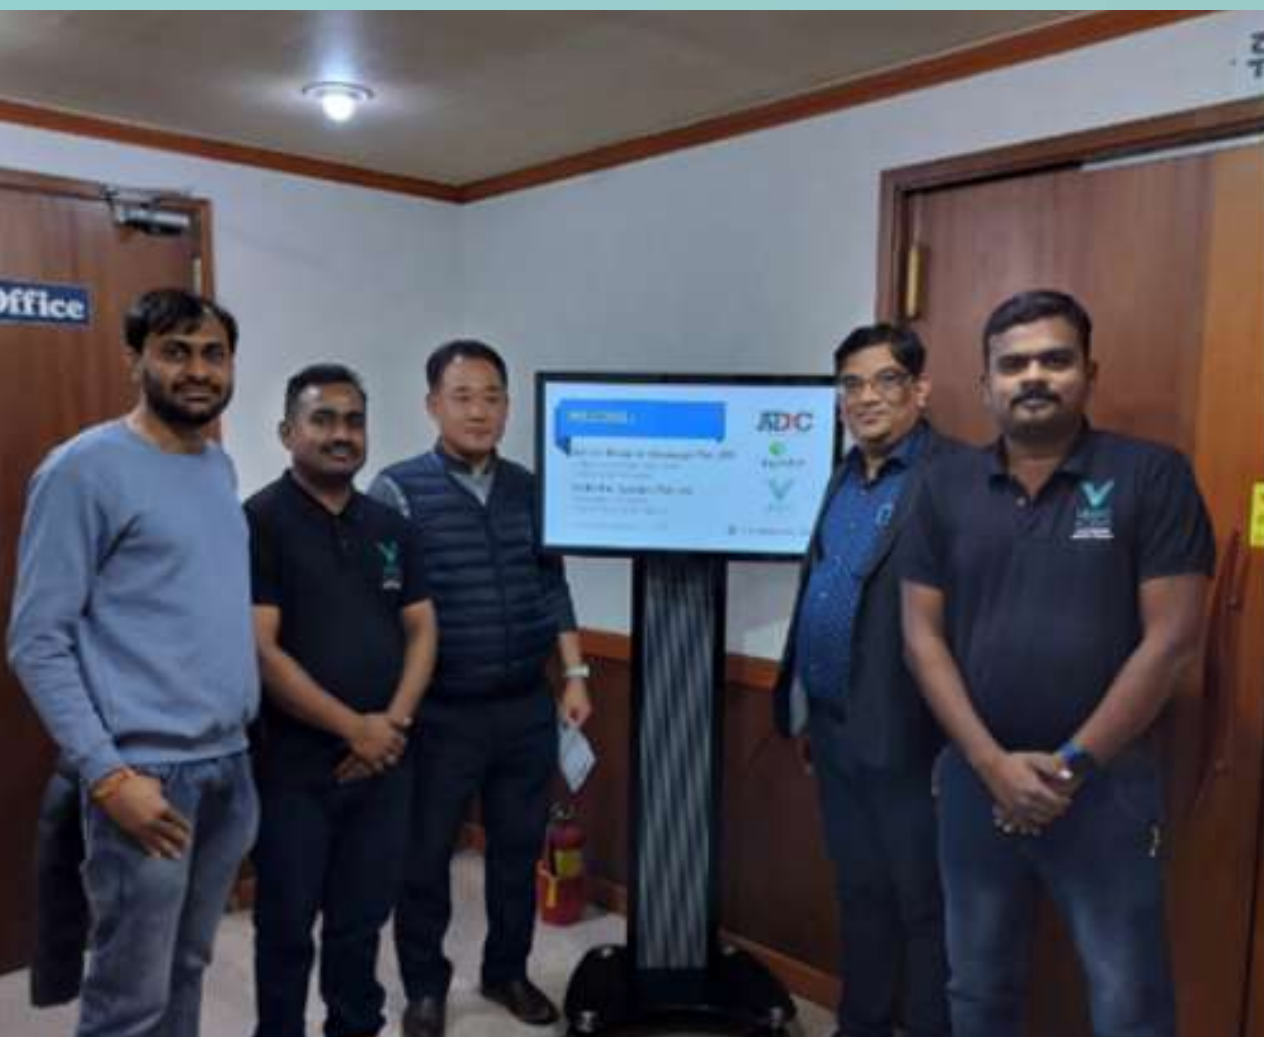

The trials, conducted on the Bochang BCM GB 3 and veg gel melting system, were highly successful.

As a result, the MNC will establish an R&D facility for vegetarian capsules. This facility will be available for trials, accommodating both their own needs and those of other companies interested in exploring contract manufacturing for vegetarian capsules.

**Vedic Pac Systems** managed this project on a turnkey basis, ensuring a smooth execution.

Aligned with the dietary preferences observed in the Indian market, this development is tailored to meet the needs of vegetarian capsule clients both domestically and internationally.
