

Interpack 2026: showcasing Processing & Packaging advancements

Interpack 2026, the world's leading trade show for food processing and packaging, recently concluded at Messe Düsseldorf.

Vedic Pac Systems (A Member of AZO Group) participated at the show to support its partners such as **AZO, AZO Liquids, Amixon, CAMA Group, CHOCOTECH, Euromec, Hebenstreit, Hermann Linden, IMS Ritter, LOMA, OKA, PFM, SOLLICH, Theegarten Pactec** and **WDS**.

INTERPACK provided a strong platform to strengthen global partnerships, connect with customers, showcase innovations & display the latest advancements.

Some memories from the show..

ATEX Compliant AZO Starch Handling System Installed in Unilever, Sri Lanka

Vedic Pac Systems successfully installed an advanced **AZO Starch handling system** in **Unilever**, Sri Lanka. This system streamlines starch handling process, from conveying and silo filling to automatic batching & mixer feeding.

AZO's comprehensive solution includes big bag unloading, screening, feeding, conveying, silo filling, automatic weighing, batching and seamless feeding to the mixer.

System is designed in compliance with the latest ATEX guidelines and explosion proof standards.

Installation and commissioning was done by trained engineers from Vedic Pac Systems.

Secondary Packaging Efficiency at Nestlé Sanand with CAMA Technology

Vedic Pac Systems successfully installed and commissioned **Cama's IN 205 Case Packer** with side loading technology at **Nestlé Sanand**.

The packaging lines integrated with Nestlé's high speed noodle production lines to deliver reliable secondary packaging with high efficiency and consistent performance.

The installation, commissioning and operator training was done by Vedic Pac Systems engineers.

The new packaging lines have helped improve productivity, reduce manual handling, simplify maintenance and achieve OEE levels of up to 98%. Faster and guided format changeovers and local service support from Vedic Pac Systems further ensure smooth operations.
