7

Fields of Competence: Modular Chocolate Wrapping

THEEGARTEN^{PAC}TEC
smarter packaging

Modular wrapper for chocolate
up to 1,800 pieces/min

Modular wrapper for chocolate balls and eggs
up to 1,200 pieces/min

Modular wrapper for chocolate
up to 1200 pieces/min

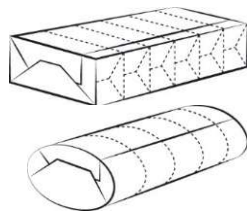

Fields of Competence: Hard Candies in Continuous Motion

THEEGARTEN^{PAC}TEC
smarter packaging

EK4

High speed-double twist wrapper
for hard candies – up to 2,300 pieces/min

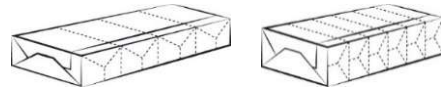

HCW4/ F3

High speed stick wrapper for hard candies
up to 1,500 pieces/min
up to 350 sticks/min

Fields of Competence: Cut & Wrap Products

U1-DCW + F3

High speed intermitted motion stick wrapper
for cut & wrap products
up to 2,000 pieces/min
up to 300 sticks/min

WHD2

High speed continuous motion forming, cutting
and wrapping machine for products in double twist
up to 1,800 pieces/min

RC1

High speed forming and cutting machine and transfer of the unwrapped products
to downstream steps in the production process such as coating and packaging
up to 2,000 pieces/min

smarter packaging

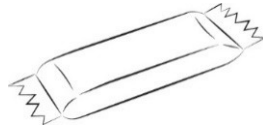

Fields of Competence: Flow Wrappers

THEEGARTEN^{PAC}TEC
smarter packaging

FPC5

high speed horizontal flow wrapper
for chocolate bars – up to 1,500 pieces/min

FPW5

high speed horizontal flow wrapper
for cut & wrap products – up to 1,500 pieces/min

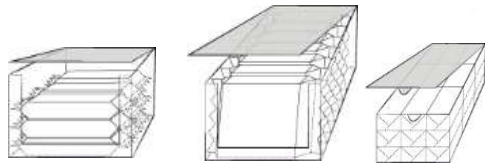

FPH5

high speed horizontal flow wrapper
for hard candies – up to 2,000 pieces/min

Fields of Competence: Non-Confectionery & Secondary Packaging

THEEGARTEN^{PAC}TEC
smarter packaging

BLM

High-speed cartoning system for
primary wrapped products
up to 2,000 individual products/min
up to 120 display cartons/min

BCW3

High speed wrapping machine for
preformed cubes and tablets
up to 1,700 pieces/min

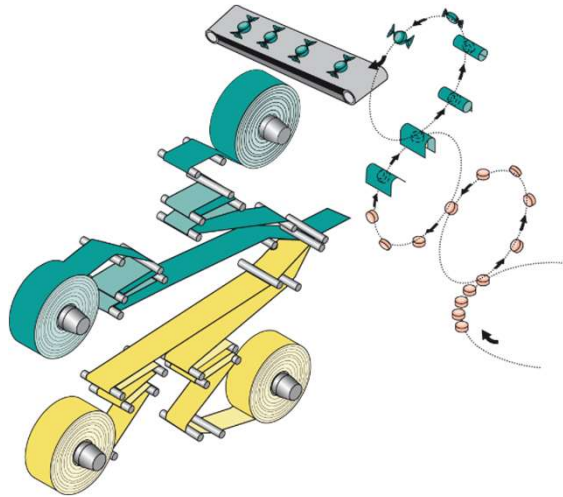

FPC5-Tabs

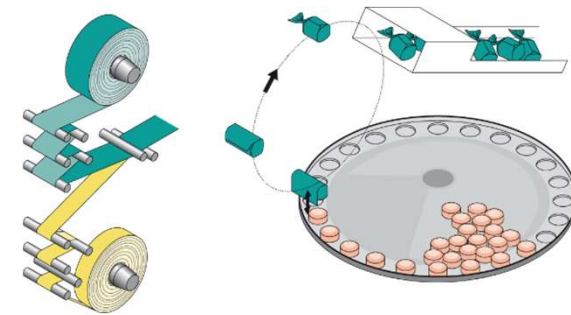

High-speed wrapping machine for
household chemical compressed powder tabs in flow packs
up to 1,500 pieces/min

Continuous Motion vs. Intermittent Motion

THEEGARTEN^{PAC}TEC
smarter packaging

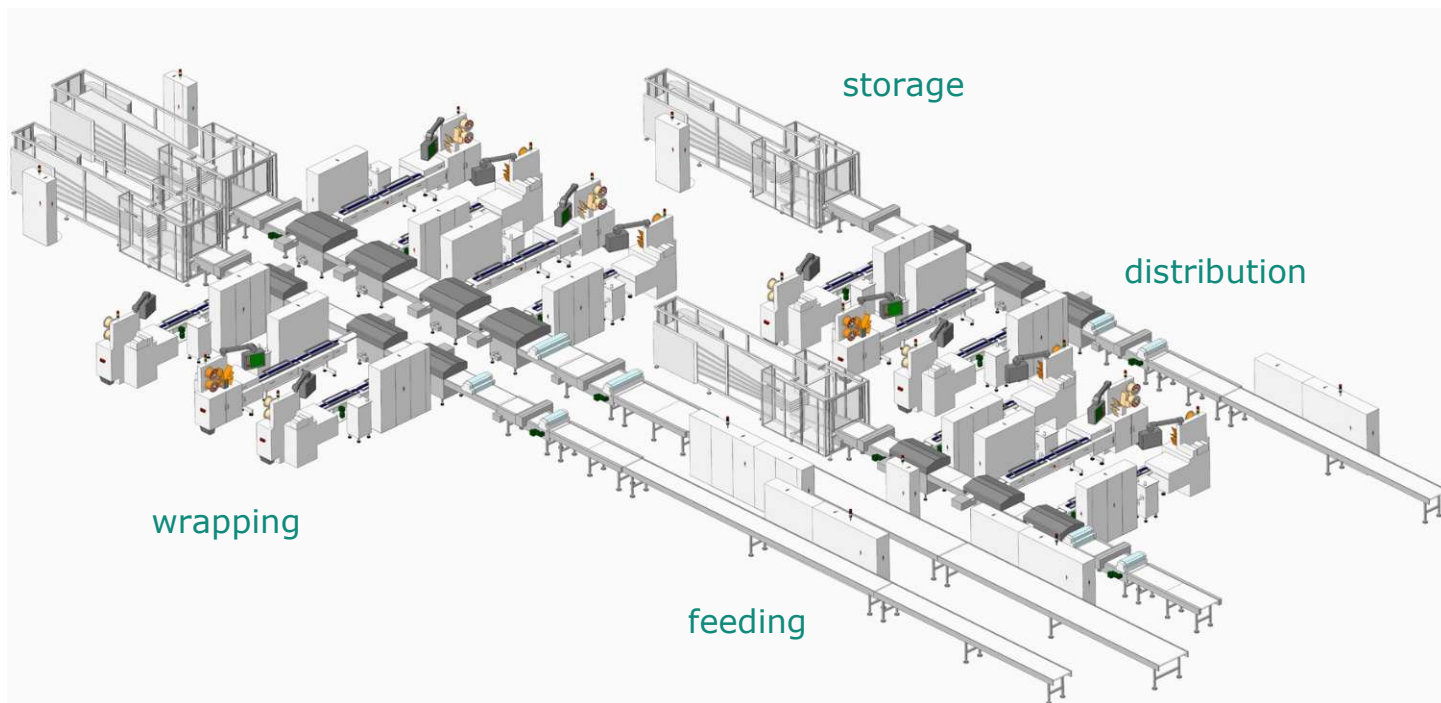

- Continuous motion of more than one packing head
- Smooth product flow from head to head
- Tools for manipulation and wrapping will be moved together with the products
- Up to 3000 products/min

- One packing head moving in steps
- Products will be moved to stationary tools
- approx. 600 - 1000 strokes/min

Fields of Competence: Wrapping Lines
