Seamless Plant Relocation at Maya Nutri Foods

Vedic Pac Systems' service team successfully completed the relocation, installation and recommissioning of the **Winkler & Dünnebier (WDS) ConfecECO** line and **Theegarten-Pactec** MCC packaging line at **Maya Nutri Foods**, Khandwa (Madhya Pradesh).

Relocation of the complete chocolate truffle production and packaging line, from Maya's existing facility to its new manufacturing plant, was done with minimal downtime, enabling smooth recommissioning and timely resumption of production.

WDS ConfecECO is a modular confectionery production system for chocolate truffles & moulded chocolates, integrated with the high-performance Theegarten-Pactec MCC packaging machine to deliver efficient & medium capacity production with a very small footprint.

Successful commissioning and handover of this project demonstrated Vedic Pac Systems' expertise in plant relocation, installation, commissioning and after sales technical support.

Investing in Knowledge: EXIM Workshop by Sudhakar Kasture

Vedic Pac Systems recently organised it's annual internal **EXIM** workshop by industry expert **Mr. Sudhakar Kasture**, Founder of **EXIM Institute** and Partner at **GNBC**.

With over 40 years of experience in international trade, Mr. Kasture has advised leading organisations on global trade, customs regulations, and compliance.

Both sessions covered a wide range of topics related to *International Trade, Foreign Trade Policies, Customs Regulations, Export & Import Compliance, Free Trade Agreements (FTAs), BIS requirements, INCOTERMS, Merchanting Trade, High Sea Sales, Digitalisation of Trade, Export Incentives, and the latest customs updates.* Practical discussions also included shipment procedures, documentation, valuation, and best practices for handling international transactions efficiently.

Each interactive session provided valuable insights into the evolving global trade environment and highlighted the importance of regulatory compliance, efficient documentation and strategic trade planning. The workshop also encouraged engaging discussions, allowing participants to clarify practical challenges encountered in day-to-day international business operations.
