

Snack Perfection at Balaji Wafers

Vedic Pac Systems recently installed and commissioned an **AZO** plant at **Balaji Wafers**, Shandilya, Uttar Pradesh.

Scope of supply included a conveying system for silo filling, automated batching for ingredients used in Indian snacks such as sev, *gathiya* and *Punjabi tadka*.

The installation comprised 10 silos, each with a 40 m³ storage capacity and three batching/processing lines of varying capacities.

Ingredients such as *besan flour*, *rice flour*, *potato flakes*, *starch*, and *urad flour* are conveyed and batched through the system. Additionally, an **AZO dosing system** type **AZO DOS** for precise dosing of seasonings was also installed.

Balaji Wafers strong belief in **AZO** Systems is borne by the fact that this is the 13th plant/line they have installed.

Installation and commissioning were successfully carried out by the engineers from Vedic Pac Systems.

Please email us at azo@vedicsystems.com to know more about AZO plants for the Indian snack food industry.

Product Safety Ensured: Loma IQ4 Vertical Fall Metal Detector at Shri Radhe Agro Food

Vedic Pac Systems successfully installed and commissioned a **Loma IQ4 Vertical Fall Metal Detector** at **Shri Radhe Agro Food** in Mathura.

The system strengthens product safety and helps prevent contamination in potato starch powder production.

Loma IQ4 Vertical Fall Metal Detector offers:

- High detection sensitivity for ferrous, non-ferrous and stainless steel contaminants.
- Designed specifically for free falling powders and granular products.
- Compact construction, easy integration with existing process lines.
- Enhanced stability and reliability with Loma's advanced *Auto Learn* functionality.

Installation and commissioning were carried out by Vedic Pac Systems engineers, ensuring seamless integration and performance.

Please email us at loma@vedicsystems.com to know more.

Diwali Pooja & Celebrations at Vedic Pac Office

Vedic Pac Systems celebrated its customary *Diwali Laxmi Pooja* at the Pune office with great enthusiasm. The entire team came together dressed in traditional attire to perform the pooja, offer prayers, and exchange *Diwali* greetings. The celebration concluded with a festive lunch.

Some memories from the celebration...
